We have had Dance Exploration at our school for the past few years. They are a big hit with our students and families. Ms. Jessica is very reliable and enthusiastic as a teacher. She makes dancing fun for all levels, in a fun and relaxed environment. We like how Dance Exploration is a professional company and easy to get in contact with. Dance Exploration has great communication with the families in our school. The rehearsals at the end of each session are a great demonstration of everything the children have learned. We highly recommend Dance Exploration.
